

EIP

'Small Cells enable new commercial business models' - Cambridge Wireless at EIP

EIP will host a Cambridge Wireless seminar on how small cells enable new commercial business models.

The event takes place at EIP's London office on 7 December from 1:30pm-5:30pm and features presentations and a panel discussion with speakers from EIP, ThinkSmallCell, ipAccess, MulteFire Alliance, Real Wireless, Ofcom and Google.

There will be two sessions over the course of the afternoon, with a Q&A session after each presentation. The event will be followed by drinks and networking. To register for this event, visit the [Cambridge Wireless website](#).
