EIP host IP workshop with Society of Chemical Industry

EIP has collaborated with the Society of Chemical Industry (SCI) Young Chemists Panel to hold a one-day workshop on intellectual property.

Entitled 'What a Chemist Needs to Know About Patents', the interactive workshop is aimed at R&D and legal staff from a range of industries. The programme features presentations and case studies from EIP partners Darren Smyth and Robert Lundie Smith, plus speakers from Fish & Richardson and Merial Ltd.

The workshop will take place on 25 April 2016 at the University of the Arts. The event is open to both members and non-members of SCI. Register [here](#).
