EIP partners recognised as IAM Global Leaders 2023

EIP partners Jerome Spaargaren and Gary Moss have been listed in IAM Global Leaders 2023.

Jerome founded EIP in 2000 and is Head of EIP Digital while Gary joined EIP in 2011 and is responsible for building EIP's award-winning Litigation team which he heads. Both are leaders in their fields as recognised by their rankings in legal directories and their long-standing relationships with many of EIP's clients.

To qualify for inclusion in the IAM Global Leaders, individuals must be ranked in the gold tier of the IAM Patent 1000, the market-leading annual directory that identifies the top law and attorney firms and individuals in the world's most significant patent jurisdictions.

IAM Global Leaders are ranked not only because of their expertise and experience related to creating, protecting, managing, transacting and enforcing critical patent rights, but also for their ability to innovate, inspire and go above and beyond to deliver value for their clients.
