Richard Gordon-Brown to speak at Niche Vehicle Network's Annual Forum

Partner Richard Gordon-Brown will speak on the subject of "Protecting Innovation" at the annual members' forum of the Niche Vehicle Network.

Richard will talk about how patents and registered designs can be used to protect and exploit innovations. The event takes place at Silverstone UTC on 25 November.

The Niche Vehicle Network is an association of specialist manufacturers, technology companies and suppliers and is concerned with funding innovation within the sector and promoting its interests.
