

EIP

EIP Exhibit at the Low Carbon Vehicle Event 2017

EIP will be exhibiting at the Low Carbon Vehicle Event 2017, taking place from 6-7 September in Millbrook, Bedfordshire.

The event aims to provide a showcase for UK capabilities in LCV expertise, as well as bringing together stakeholders, manufacturers, supply chain representatives and government officials to exhibit their technology areas, and have the opportunity to network.

EIP will be at stand C4-410, ready to answer all your IP-related questions.
