EIP host Cardiff roundtable debate on innovation

EIP hosted a roundtable debate on innovation and intellectual property with manufacturing, technology and software companies at its office in Cardiff.

Some of South Wales' most innovative companies discussed how they identify, nurture and protect innovation and use their IP to create competitive advantage.

EIP Partner Neil Condon was joined by representatives from the Welsh Government, Ultrawave, TrakCel, Nudjed, Axiom Manufacturing Services, SPTS Technologies, Markes International, the ESTnet, Excelerate and Eurobond Laminates.
