EIP collaborate with Society of Chemical Industry for IP workshop

EIP has teamed up with the Society of Chemical Industry (SCI) Young Chemists Group to hold a one-day workshop on intellectual property.

Entitled 'What a chemist needs to know about patents', the interactive workshop is aimed at R&D and legal staff from a range of industries. The programme features presentations and case studies from EIP and EIP Legal, Fish & Richardson, and Unilever.

The workshop will take place from 9am-6pm on 3 April 2014 at the University of the Arts London's EIP-sponsored UAL Showroom in High Holborn. The event is open to both members and non-members of SCI. [Register here](#).
